

◀ Townsfolk ▶

Clockmaker		You start knowing how many steps from the Demon to nearest Minion.
Dreamer		Each night, choose a player (not yourself, not Travellers); you learn 1 good character & 1 evil character, 1 of which is correct.
Snake Charmer		Each night, choose an alive player: a chosen Demon swaps characters & alignments with you & is then poisoned.
Mathematician		Each night, you learn how many players' abilities worked abnormally (since dawn) due to another character's ability.
Flowergirl		Each night*, you learn if a Demon voted today.
Town Crier		Each night*, you learn if a Minion nominated today.
Oracle		Each night*, you learn how many dead players are evil.
Savant		Each day, you may visit the Storyteller to learn 2 things in private: 1 is true & 1 is false.
Seamstress		Once per game, at night, choose 2 players (not yourself); you learn if they are the same alignment.
Philosopher		Once per game, at night, choose a good character: gain that ability. If this character is in play, they are drunk.
Artist		Once per game, during the day, privately ask the Storyteller any yes/no question.
Juggler		On your 1st day, publicly guess up to 5 player's characters. That night, you learn how many you got correct.
Sage		If the Demon kills you, you learn that it is 1 of 2 players.

◀ Outsiders ▶

Mutant		If you are "mad" about being an Outsider, you might be executed.
Sweetheart		When you die, 1 player is drunk from now on.
Barber		If you died today or tonight, the Demon may choose 2 players (not another Demon) to swap characters.
Klutz		When you learn that you died, publicly choose an alive good player, or your team loses.

◀ Minions ▶

Doppelgänger		You & an opposing player know each other. If the good player is executed, evil wins. Good can't win if you both live.
Witch		Each night, choose a player: if they nominate tomorrow, they die. If just 3 players live, you lose this ability.
Cerenovus		Each night, choose a player & a good character: they are "mad" about being this character tomorrow, or might be executed.
Pit-Hag		Each night*, choose a player & a character they become (if not-in-play). If a Demon is made, deaths tonight are arbitrary.

◀ Demons ▶

Fang Gu		Each night*, choose a player: they die. The 1st Outsider this kills becomes an evil Fang Gu & you die instead. [+1 Outsider]
Vigormortis		Each night*, choose a player: they die. Minions you kill keep their ability & poison 1 Townsfolk neighbour. [-1 Outsider]
No Dashii		Each night*, choose a player: they die. Your 2 Townsfolk neighbours are poisoned.
Vortex		Each night*, choose a player: they die. Townsfolk abilities yield false info. Each day, if no-one is executed, evil wins.

* Not the first night.

Vibrant spring gives way to a warm an inviting summer. Flowers of every description blossom as far as the eye can see, tenderly nurtured in public gardens and window boxes overlooking the lavish promenade. Birds sing, artists paint, and philosophers ponder life's greatest mysteries inside a bustling tavern as a circus pitches its endearingly ragged tent on the edge of town.

As the townsfolk bask in frivolity and mischief, indulging themselves in fine entertainment and even finer wine, dark and clandestine forces are assembling. Witches and cults lurk in majestic ruins on the fringes of the community, hosting secret meetings in underground caves and malevolently plotting the downfall of Ravenswood Bluff and its resident revellers.

The time is ripe for ...
